LONELY TRACK WILDER II TOP

First impressions last in my book, and my first sighting of this awesome top was at the 2017 Sika Show in Taupo. My thoughts were yes, I need one of these. Quality is 100% the Wilder Top is great to wear, in fact I think Lonely Track are onto an absolute winner for sure with this top which can be worn to the local pub or footy match, or out on the hill chasing some pork. All new improved features are a generous chest pocket and a longer tail for added protection. Brushed Tricot fabric with a windproof membrane to protect you from those colder days. Check out your hunting store and take a look at the Lonely Track Wilder II Top you won't be disappointed or you can jump on to Lonely Tracks web site www.lonelytrack.co.nz
